## Current Responsibility

Jonah Broulette is a principal and consulting actuary with the New York Health Practice of Milliman. He joined the firm in 2007.

## Professional Work Experience

Jonah's experience as a healthcare consultant includes:

- Providing network and ACO development and curation
- Developing and evaluating risk contract and alternative payment frameworks between payers and providers
- Assessing and benchmarking care management opportunities
- Providing enterprise analytics

He is an expert in Medicare claims data and has worked extensively with clients participating in Medicare's Bundled Payments for Care Improvement, Pioneer ACO, Next Generation ACO, Shared Savings Program (MSSP), Direct Contracting, and ACO REACH programs.

In addition, Jonah provides clients the tools and expertise needed to leverage data in their decision-making processes. Jonah has played a key role in the development of a number of Milliman products, including the Bundled Payment Reporting Interface, ACO Insight, and ACO Builder.

## Professional Designations

- Associate, Society of Actuaries
- Member, American Academy of Actuaries

## Education

BS, Mathematics, New York University
